

**“Results May Be Delayed”**

*This set of questions is based on Mike’s sermon preached October 11.*

1. Read Genesis 25:29–34. What do you think about Esau’s reasoning in verse 32?

“So Esau despised his birthright” (verse 34). When are you most likely to allow the urgency of current problems to overshadow the value of your birthright in Christ?

2. Read Numbers 11:4–6. What lies did the Israelites tell themselves about their past in Egypt? What lies did they tell themselves about their future?

When you are tempted to return to a sinful lifestyle, what lies do you tell yourself about your past? What lies do you tell yourself about your future?

3. Tell of a time when God blessed you through another person. . . but the results were delayed, and perhaps the other person never even saw the results.
