

“Living without Borders”

This set of questions is based on Gary Gardner’s sermon preached on Mission Sunday.

1. Tell about something you invested money or time in that turned out to be a big waste of your resources. Tell about something else that, in contrast, proved to be a great investment.

What made the one a great investment and the other a big waste? Consider areas such as how well the investment fit your values, how lasting it was, and whether it delivered on its promises.

2. Read 1 Timothy 6:17–19. How does a congregation with a robust mission focus “take hold of the life that is truly life”?
3. How have you seen lives transformed through the ministry of missionaries?

How have you seen missionaries transformed by their work in missions?

How have you seen churches transformed by their participation in missions?
